SF1

MACHINE APPLIED STRETCH FILM

Designed for a variety of machine film applications, SF1 is a cast film with high pre-stretch for increased load stability while preventing breaks during the wrap cycle and spills during transportation.

FEATURES & BENEFITS

- **Excellent load retention** lets you wrap pallets with less film and feel confident that your product will arrive safely
- **Exceptional puncture resistance** ensures you can wrap irregular loads while retaining the highest pre-stretch
- **With elevated tear resistance**, your product will withstand the rigors of shipping
- **Optimum balance of film properties** makes SF1 the best value for the majority of stretch film applications
- **Provides quiet unwind**, eliminating distracting noise and permitting a secure wipe down
- **Unmatched optics** allow for easy product recognition, electronic scanning during the distribution process, and clean product appearance
